What is Jouez gagnant! ?

The Jouez gagnant! program inspires young students to get moving and persevere through interactive conferences hosted by high level athletes. Role models for perseverance, the athletes introduce students to the practice of sports and physical activity.

Who is the program for?

Jouez gagnant! is offered throughout Quebec to schools, sports organizations and community organizations, primarily targeting students in the **2nd and 3rd cycles of elementary school, as well as high school students.**

What are we talking about?

The athlete-speakers share their experiences as high-level athletes with the students, encouraging them to set goals and dedicate themselves to their success through sport and physical activity. The Jouez gagnant! program promotes the Olympic values of excellence, respect and friendship. These themes inspire the winning strategies presented at the conferences, tools that will guide the students in developing a physically active lifestyle.

How does it work ?

Lasting 45 to 60 minutes, a Jouez gagnant! conference is presented to large groups. Each conference concludes with a Q&A during which the students have the opportunity to interact with the athlete.

Is this for you ?

- The activity must involve a minimum of 75 participants;
- Participants must be in the **2nd or 3rd cycle of elementary school or in high school;**
- The electronic application form must be completed no later than one month in advance;
- An early request or flexibility in the choice of date will increase the chances of a favorable response to the request.

Your role

- Apply online at www.jouezgagnant.org
- Promote the visit to students;
- Identify two contacts at the school to welcome and accompany the athlete during the visit;
- Prepare students for the conference with Olympic-themed activities by downloading Canadian Olympic School Program educational resources at www.olympique.ca/education;
- Following the visit, complete the electronic evaluation form.
